

**CITY OF PLACENTIA
MEMBER OF THE CITY COUNCIL**

RON MOSKOWITZ

AGE: 35

OCCUPATION: Information Security Officer

Ladies and Gentlemen:

It is with great pleasure that I pursue the candidacy for a seat on the Placentia City Council.

What do I offer to Placentia?

- Solutions
- Communication
- Innovation
- Ethical decision making
- Security

Whether as a board member of my HOA or as a leading information technology employee in the County of Orange, I bring many years of experience in successfully solving complicated problems with common sense solutions. I know the frustrations of Placentia citizens over sounds of train whistles when they thunder at my dinner table every night. I share the redevelopment concerns as I seek to enjoy a modernized downtown without sacrificing charm or dignity. I agree with those who call for innovative yet conservative city spending, converting Placentia debts into reserve funds, and protecting our families by supporting our effective Placentia police department.

As an Information Security Officer, business manager, and an MBA graduate, I offer expertise and insight into ways of innovation and communication that enfranchise Placentia people and carry them forward with a clear, unbiased leadership.

I ask for your vote and will work hard to earn it!

Yours truly,

Ron Moskowitz
